

Spelling Homework

Set: 01.02.18

Due: 08.02.18

In spelling and handwriting we have been focusing on adding the -cial or -tial sound: If the letter before the sound is a vowel, it ends in -cial (social, special, beneficial). If a word ends in consonant, use -tial (substantial, partial, confidential). Remember there are words that don't follow this rule.

You have practised writing lots of words using this rule.

Task: Produce a poster explaining this rule. Your teacher will choose one poster to be laminated and displayed in the classroom to remind everyone of this rule.

Criteria for your poster:

- The rule must be clearly explained
- There must be examples of words following this rule (They must be spelt correctly - this is spelling homework!)
 - Use bright colours to make your poster engaging
- On A3 or A4 paper (see your teacher if you need this)
