The school as a Catholic community

The school community:	Outstanding

 - The warmth of the welcome received by visitors.
 - The care, kindness and support in evidence among all staff, pupils, governors and parents.
 - The outstanding attitudes of the children in expressing their faith.
- There is a very strong partnership between the school and the parish. The parish priest provides outstanding support and is a key figure in the life of the school. The church shares the site with the school, which allows for many opportunities for the school and parish to celebrate together.
- The Catholic nature of the school is enhanced by the attractive, well maintained displays throughout, especially those linked to the mission statement, which celebrate positive behaviour, spirituality and achievement.

Curriculum religious education

Attainment and progress:	Good
Quality of teaching:	Good
Leadership and management of RE:	Good

- The RE leader is fully committed to supporting staff and ensuring RE has a high profile in the school. Her passion for the subject is an inspiration to her colleagues
- The parish priest provides regular theological support.
- Good quality interactive RE displays support and celebrate learning in the subject.
- Teachers work very hard to ensure there are examples of children's work for every RE topic, including work on other faiths, and children take pride in their work. The early years learning journals and class RE books are of a particularly high standard.

- The RE subject leader and school leader monitor standards in RE, through observing teaching, pupil conferencing and work sampling.
- Pupils in the school value RE and recognise it can help them in their daily lives. In the lessons observed as part of the validation, evidence was seen of pupils using prior knowledge, exploring the miracles of Jesus and discussing ways to change during Lent.
- Planning and activities need to be driven by the level descriptors so that children can be challenged in their thinking and there is a need to allow pupils time to provide more in-depth responses during lessons. Pupils demonstrated a positive attitude to learning and behaviour was very good.
- The school needs to embed effective, consistent and sustained differentiation for all pupils.

Spiritual and moral development

Outstanding

- Pupils are very proud of their school. They describe the school as a school ‘where teachers try to make our friendship stronger and push us to reach our full potential. They see us as the future of tomorrow.’

- The school embraces every opportunity to nurture spirituality, including activities to celebrate the Year of Mercy, Corpus Christi Day and Happy Hearts Day.
- The awarding of Determined Daniel and Good Shepherd certificates and Corpus Christi credits, ensure that the messages of Scripture are central in promoting positive behaviour. The children collaboratively write their own class charter, which supports the behaviour policy.
- Children are fully aware of their responsibilities to one another, through the work of the school council.

Leadership and management:

Outstanding

- The school monitors and evaluates all aspects of the Catholic life of the school. However, the process of self review needs to be an ongoing part of the school’s annual cycle of planning and evaluation.
