

Sports Premium Funding 2013-2014

The Sport Premium Funding was introduced to schools in May 2013, with money being available from October 2013. The government was determined to secure a significant and lasting legacy from the games, and to develop children's enjoyment of sport and physical activity from an early age. As a result the Prime Minister announced £300m funding over 2 years for primary school PE and sport.

The funding stipulates that the additional funding must be used to improve the provision of PE and sport, but we have the freedom to choose how we do this. In Corpus Christi for this academic year we have been allocated £9,585.00, and staff have worked together to agree the best way in which to spend this in our school in order to benefit all our children.

Sport has always been an area of strength in Corpus Christi, and therefore we are starting from a high point, and aim to build on this by broadening the sporting experiences of all our children.

Link to Mission:

Our Mission statement states that we aim to ensure every child realises his or her potential – this means we try to see every member of our community as Christ sees them.

We believe every child should achieve the best standards of which he or she is capable. Within PE lessons the children are given the opportunity to learn and practise new skills based on their own personal abilities. During our recent Ofsted inspection PE teaching was observed and highly praised, and our spending scrutinised. The impact of the funding was noted in the Ofsted report, which stated it is 'making an impact on pupils' performance in new and exciting competitive sports'.

Therefore we have decided to give our children the opportunity to try new and exciting sports, which they might not otherwise have experienced, with the aim to help each child make a change for life. We aim to:

- Improve the quality and breadth of sports taught – our children will experience high quality coaching from experts
- Encourage a healthy lifestyle – we will offer the children new experiences, with the focus on carrying on these sports as they get older and encouraging the whole family to become active too

- Challenge – we aim to challenge each child so he or she can reach the performance level of which they are capable
- Teach life skills – our year 2 children will be taking part in swimming lessons; however, every child will have the opportunity to improve on their leadership skills, self-esteem, team work, fine and gross motor skills
- Promote competition – we will offer competition to every year group, either within school or locally within the city

Corpus Christi Catholic Primary School

Sports Premium Funding Allocation Plan 2013-2014

Total Number of Children on roll	318
Total Amount of SPF Received	£9,585.00

Project/Item	Objective	Cost	Intended Outcome
