In March 2013 the government announced its commitment to providing additional ring fenced funding of £150 million per annum to improve provision of Physical Education (PE) and Sport in primary schools in England. In February 2014 they further committed to continue the funding until 2020. Sport premium funding should be spent on additional and sustainable improvements to the provision of PE and sport for the benefit of all pupils to encourage the development of healthy, active lifestyles and be available from an early age. The funding stipulates that the additional funding must be used develop or add to the PE and sport activities that the school already offers and make improvements that will benefit pupils joining the school in future years and we have the freedom to choose how we do this.

Allocations for the academic year 2017 to 2018 are calculated using the number of pupils in years 1 to 6, as recorded in the January 2017 census, as follows: Schools with 17 or more pupils receive £16,000 plus £10 per pupil. In Corpus Christi for this academic year we have been allocated £18,700.00, and staff have worked together to agree the best way in which to spend this in our school in order to benefit all our children.

Priorities for Corpus Christi

- To improve PE resources and equipment, particularly available at lunchtime
- Increase levels of participation in sport in and out of school
- Provide training and support for staff and pupils
- To engage and motivate children to participate in unfamiliar sport
- Develop the skills of pupils through external opportunities (including competitive events).
